

# 2019 LAFD Engine Company Operations

Los Angeles Fire Department's In-Service Training Section announces the Engine Company Operations Academy to be held on February 20, 21, 27 and 28 and March 6,7,13 and 14, 2019 from 0800-1700. The Engine Company Operations Academy provides advance hands-on experience and training.

- *Fire Behavior*
- *Live Fire*
- *Water Systems*
- *Marine Firefighting*
- *Building Construction*
- *2 1/2 Hose Lays and Manipulation*
- *Search and Rescue techniques*
- *Above Ground Hose Lays*
- *Wild Land Fire Behavior and Fuels*
- *Alternate water supply (wild land)*
- *Progressive Hose Lays*
- *OES Apparatus Familiarization*
- *Air Operations Familiarization*

All attendees must be current fire department members and have completed probation.

**Please use fire department email when reserving your spot.**

The training course must be taken on an off-duty basis and members are responsible for securing their own time off. Course will take place on Wednesdays and Thursdays starting on February 20, 2019 and finish on March 14, 2019. There are no V-Hours available. Students need to attend all eight-days to receive a completion certificate. Space is limited to 48 students.

This course is designed for the one to five year fire department member. Anyone wanting to add to their knowledge base and become better at their craft should attend.

To reserve a spot in the class, please contact Engineer Shane Hirsch at the LAFD In-Service Training Section.
